

## JAYCEE WEEK Jan 20 - 27

# SALUTING OUR YOUNG BUSINESSMEN

The forty-sixth anniversary of the Junior Chamber of Commerce will be noted tonight by local Jaycees with a Boogie Night, banquet at the Country Club President Roy Kimbrey, tells us.

Dr. Herb Stevens, of Ft. Lauderdale, past National VP and past State President, will renew acquaintance as Guest Speaker.

In 1915 the "St. Louis Plan" had it's beginning when Henry

Glessner, Jr., initiated the formation of a Young Men's Pro-

gressive Civic Association, among a dance club.

In 1918 St. Louis' Chamber of Commerce invited these

"youngmen" to join as the Junior Chamber, with the result

that the idea spread to 24 cities within a year, and now to 3,700 chapters

with a quarter million members in National.

Jaycee International Headquarters is found now in 80 nations and ter-

ritories with more than 350,000 members grouped in better than

4,500 chapters.

The Junior Chamber is no longer an arm of what we know

as the Chamber of Commerce except that the aims of both

"civic betterment" — lead to close cooperation in community and

national programs.

As unshibled, energetic, intelligent and ambitious parents,

their early activities in bringing fresh ideas of building America

At HOME, lead us to a feeling of satisfaction for the welfare of

our future, for they epitomize the saying "the difficult others

do not, it's the impossible that breaks our stride."

We salute you because you are the next generation of

"senior citizens," with the responsibilities and difficulties now

rampaging, and evident in approach.

## Schools Lose - Hospital Gains

### As Yankee Weather Blows Thru

Principal Pellon Morris re-ports that absences from high school since Christmas have been running from 80 to 120 each day due to illness. Monday

### Typing-Bookkeeping Taught Here At Night By Vocational School

The Palm Beach County Vocational School, in cooperation with Pellon Morris, principal of Belle Glade High School, is planning to offer evening instruction in the field of bookkeeping, typing, and shorthand. Kenneth P. Johnson, Director of Vocational Education for the county.

An organizational meeting will be held at Belle Glade High School 7:30 Monday evening, January 22. If sufficient interest is shown, classes may be started in Typing and Beginning and Advance Bookkeeping.

Typing classes will meet two nights a week from 7:30 to 8:00. Beginning and Advance Bookkeeping will meet one night a week from 7:00 to 10:00. The evenings will alternate with the organizational meeting. There is no tuition fee; however, there is a small registration fee. Students must furnish their own supplies. This instruction is part of the School Board's Vocational Education program and is for adults 16 years of age or over who are not regularly enrolled in high school. The classes are required to a minimum enrollment of twenty persons. Those interested in this instruction are requested to attend the meeting at Belle Glade High School, 7:30 Monday evening, January 22.

## PBUC Registration Scheduled Jan. 29-31

Registration for the second semester at Palm Beach Junior College will be January 29 and 30, for freshmen and January 31 for sophomores. Belle Glade students needing transportation are asked to call Jeff Barwick at 2211 in Pahokee, and he will see that you have a way.

## South Florida Fair At WP Beach Jan 26-Feb 3

### Features Fair-Family Rodeo And Teen Queen

An initial highlight of the South Florida Fair and Exposition's Golden Anniversary Jubilee, Jan. 26-Feb. 3, will be an announcement of the Fair Family of the Year.

According to M. U. Mounts, Palm Beach County Agricultural Agent, chairman of the Fair Family's Agricultural Division, selection of the family to be honored is based on the family's achievement in farming, leadership in civic affairs, family solidarity, hobbies and participation in civic, church, school, church or youth organizations.

The Fair Family of 1962 will be the guests of the south Florida Fair and Exposition on the First Night of the Fair, when Doyle E. Conner, judge of the commission of agriculture, is

also to be a special Fair guest at opening ceremonies. Selected last year as the Fair Family of 1961 were three generations of the Bay Raulerson and Joe Cherry families of Pahokee.

RODEO & HORSE SHOW

A western RODEO & HORSE SHOW will be sponsored by the Palm Beach County Cattlemen's Assn. Sunday, Jan. 28, as a highlight of the South Florida Fair and Exposition's Jan. 2-Feb. 3 Golden Anniversary Jubilee.

According to Kent Price, superintendent of the livestock division, the show will begin at 1 p. m. and continue until 5:30 or 6 o'clock.

Charles Harmon of Belle Glade will preside over the selection of the Cattlemen's Association.

## W. C. "Pappy" Allen Honored

### With Legion Life Membership

"I commend you gentlemen for giving Pappy Allen this well deserved recognition," National Committee member on Florida Legion told some four score legions and auxiliary members Tuesday night when W. C. Allen received a gold Life Membership Card from South Bay Legion Post.

Deputy Commander Sam McCollum adds, "We of the Legion would not be the Legion were it not for Pappy Allen, all over the great nation of ours. He has served 34 years—well beyond the call of duty." The Department Chaplain, Harold Mullis said: "It is fitting that he be given this deserved recognition."

Merrill Meade, Chief de Gare, Voture 250, 40 & 8, told fellow legionnaires that he did not know a finer legionsman, both as a man and as a worker."

Thus the Brass of Florida Auxiliary Legion paid tribute to this 71-year-old Glades citizen who has distinction being a charter member and past commander of the Glades Post No. 20, Belle Glade, as well as principal organizer, charter member and the first Commander of the South Bay Legion.

In addition Legionnaire Allen has served as District Commander of the Mrs. Ida V. Walker, Unit President, decorated the Legion Hall in appropriate and seasonal plants and flowers, prepared and served a banquet to everyone that only adds to its state-wide reputation as a most hospitable Legion were it not for Pappy Allen.

Aside from some thirty or more visiting dignitaries of the district and state organizations there were many visiting past officers and workers in the Legion who came to pay respect to an outstanding worker.

There were three Past Commanders of the Belle Glade Post present, as well as Mrs. Merrill Larrick, President, and members of her unit at Belle Glade.

The Herald will carry a fuller story of "Pappy Allen" in next week's issue, written by a fellow worker who knows him best.

## '62 Glades Tag Sale Exceeds '61 to Date

Mrs. Edwina Young reports that tag sales for "first 90 shopping days" of '62 amount to 1,167 compared to 1,124 for '61. There were 191 cars receiving title service against 152 for last year.

There are "27 more shopping days" according to Mrs. Young, for tag buyers.

## Hospital Entrance Marked By Lights

There are four light posts, each with a bright light atop it, to mark the entrance to the hospital from State Road No. 80.

To provide for emergency lighting, the entrance to the hospital is given a coat of fluorescent paint and they will reflect approaching auto lights.

The Rainbows Will Conduct Cerebral Palsy Drive Sunday Between 1-2 p. m.

At the regular meeting of the Rainbows Monday night it was decided to conduct a cerebral palsy drive in Belle Glade Sunday between 1 and 2 p. m.

The girls will cover the city in a house to house drive, ringing doorbells for donations.

Fund collected will be sent to the Cerebral Palsy Telephone in Miami which will be held with the Miami Chapter, the Perry Mason TV Show as Master of ceremonies. Everyone is asked to help the girls by contributing.

The Rainbows are planning a party Dec. 25 and installation of officers will be held Jan. 28.

Governor Bryant says, "Your campaign to raise money for the University of Florida is an essential one—to meet the time schedule under which this institution may be ready for opening in the fall of 1964."

"If drawings are available, construction may start in July. The Board of Regents is waiting to order architectural drawings as well as to appoint a committee to study the \$87,000,000 plan," says C. Robert Burns, Chairman of the campaign.

(Dick) Hill is chairman of the memorial and special gifts division, by appointment of the Board of Regents.

The entire \$500,000 — which is what is needed to make the \$3,500,000 available — must be collected by the end of March and is payable over a three-year period," Mr. Burns says.

This amount will be collected, and spent by the Boca Raton Endowment Corp. (non-profit) and sponsored by PB County Resources Board, for:

(a) Architect's plans;

(b) Salaries to officers administering employment and faculty for preparing work;

(c) Provide funds necessary to open the University on schedule.

Howard, Dade, Martin, St. Lucie, Glades, Hendry and Okeechobee counties are joining the campaign to build the heart of the wide-spread importance of the University to the entire southeast of Florida.

Boca is planned to be in a class by itself, because it is the only county in the state of Florida to mark the entrance to the hospital from State Road No. 80.

To provide for emergency lighting, the entrance to the hospital is given a coat of fluorescent paint and they will reflect approaching auto lights.

### New City Clerk

Combined Board—

Members of the Southwest-

ern and Northwestern Hospital

Boards met jointly this past

week to commence work on the

more specific details concerning

the two hospital districts and

the building of a single modern

hospital to serve the entire area.

The decision to merge the

year-old proposal was announced

last week by the two boards.

The two main issues discussed

at the meeting concerned the

location of the new facility and

the representation on an over-

all governing board necessary

for the operation of the single

hospital.

It was unanimously agreed by

those present that the hospital

would be centrally located be-

tween Pahokee and Belle Glade.

Many factors such as founda-

tion, water, drainage, and sewer-

age will require professional

studies, and the group decided

it would be unwise to pinpoint

an exact location until these

studies are made.

On board representation,

members agreed upon a 14-member

board to be appointed as fol-

lows: from the City of Belle

Glade, three members; from the

City of South Bay, one mem-

ber; from Lake Harbor, one

member; from the City of Pa-

hokee, three members; from

Canal Point, one member, mak-

ing a total of nine members. For

appointment of the additional

five members, the new district

will be divided into proportion-

ate areas and the members se-

lected in accordance with a

formula of one representative

for "x" number of voters. Ap-

pointments would be made by

the Governor as heretofore.

# Match Game Sunday At Glades Lanes

The Glades Lanes Match Team composed of Graber, Leavitt, Richmond, Chapman and Gummere, will meet a drive from the Carefree Lanes of West Palm Beach at 1:30 p. m. next Sunday.

A match set of three games will be rolled and the public is invited to attend.

# Jay-Cettes Discuss Projects

The Jay-Cettes held their bi-monthly meeting and reports were heard on various projects. It was reported the Child's Survey was won at a drawing during the holidays by Mrs. Clayton Waters of South Bay. The approximate funds have

not been turned in as yet but the proceeds will be used for a \$100 Palm Beach Junior College scholarship fund and also towards purchasing record players for the school.

The group also discussed the approaching Mother's March of

# Family Dinner Honors Mrs. Calvin Shive, 81

The 81st birthday of Mrs. Calvin Shive, pioneer resident of Pahokee was observed by her children at her home with a dinner last Sunday. Approximately 35 were in attendance.

Those from Belle Glade were Mr. and Mrs. John Dulany, Mr. and Mrs. Milton Carpenter, Mr. and Mrs. S. K. Smith, Jr., and family and Mr. and Mrs. S. K. Smith, Sr.

# Holsum Brings New Baking Process To Florida

## Fully Automated Continuous Mixing Unique Perfectly Textured Bread

Following closely upon its announcement of Holsum's 50th Anniversary, R. S. Chivers, vice president and general manager of Holsum Bakers, announces installation of a totally new, unique baking process at the Holsum plant.

The new process — called BLENDERIZING — is the result of many years research and testing by manufacturers of the equipment. The heart of the Holsum plant had to be partially rebuilt to allow installation of the new process—the most modern baking process in the world.

Taking time out from checking the intricate machinery and automatic control system, Mr. Chivers explained that the BLENDERIZING process is the first fully automatic method of continuously mixing bread ingredients. Basically, the process works on the same principle as a household blender — mixing and blending premium quality ingredients in small quantities — mixing them completely, totally. "In mixing this powerful, thorough way," commented Mr. Chivers, "there are no longer islands or areas of unmixed ingredients; rather, each ingredient is completely blended with the other, producing a bread of virtually perfect texture, uniformly from slice to slice."

Because the entire mixing process is continuous, and because the ingredients are blended together so completely, BLENDERIZED Bread has several distinct advantages over conventionally made breads:

1. Light, smooth and appetizing due to evenness of grain and softness of texture.
2. Free of air holes, since the ingredients are mixed so thoroughly — in effect, flavor-robbing air is "squeezed out."
3. Toasts more evenly, because the grain is completely uniform throughout the slice.
4. Holds sandwich fillings better because of compact cell structure and absence of holes.
5. Stays fresh longer because holes that ordinarily admit air are absent.
6. Releases the "full grain of the wheat flavor."

The BLENDERIZED unit, being fully automated, is readily controllable at every stage of the baking process. In addition, also because the unit is fully automated, the baker's dream of "bread untouched by human hands" is now a reality in the Holsum plant.

"We are understandably proud of this remarkable new making process," said Mr. Chivers, "and proud of being the first baking company to bring it to South Florida. BLENDERIZING sets a whole new standard of excellence in bread baking."

The first loaves of new Holsum BLENDERIZED Bread made their appearance in January 8, clearly identified with the word "BLENDERIZED," on the wrapper.

## Investigate Power Of Spiritual Understanding, Lecturer Urges

Meet the challenge of sin, sickness and limitation by investigating the power of spiritual understanding, Ella H. Hay, a Indianapolis, Indiana, said in a public lecture here Sunday, January 14.

"Great inspiration, strength, and satisfaction await one who persistently investigates Truth," Mrs. Hay declared.

A member of The Christian Science Board of Lectureship, she spoke under the auspices of First Church of Christ Scientists, Belle Glade, Florida at the Civic Center, N. W. Avenue H and 4th Street. She was introduced by Mr. Malcolm Miller.

The lecturer emphasized the priceless value of knowledge of the Bible and its records of the operation of spiritual law. "It is indeed strengthening to note," she said, "how Scriptural characters in many instances met the challenge of discord through the demonstration of spiritual truth and to find that the same ability is demonstrable today for everyone."

In meeting the suggestions of evil, Christ Jesus proved he had investigated the sacred writings of his day, she said. "He admonished his followers to preach and to heal stating that they would be known by their fruits," she noted, adding that Jesus overcame every manner of disease.

To show the present-day effectiveness of the Master's teachings, Mrs. Hay cited several healings brought about entirely through spiritual means.

Spiritual healing in Christian Science does more than restore comfort and normal action to the body, she said. It brings regeneration and a more spiritually mature, meaningful way of life, she emphasized.

Mrs. Hay described prayer in terms of knowing the truth—humbly, positively, and constructively.

## Churches of Christ Scientist

Conflicting demands of every day living can be resolved through spiritual understanding of God as divine Life.

This is a theme of the Lesson-sermon entitled "Life" which is to be read at Christian Science services Sunday.

Selections from the Bible will include this verse from Psalm 40: "I delight to do thy will, O my God; yet, thy law is within my heart."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 184): "Truth, Life, and Love are the only legitimate and eternal demands on man, and they are spiritual lawgivers, enforcing obedience through divine statutes."

The Golden Text is from John (17): "This is life eternal that they might know thee the only true God, and Jesus Christ whom thou hast sent."

## TODAY'S Meditation

Read Luke 24:13-26

Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me. (Matthew 25:40.)

In the book IN THE STEPS OF THE MASTER, the English author H. V. Morton tells about walking up the hillside of the Mountain of Temptations. There Morton saw ten Greek monks living in a hut built into the rocky mountainside. According to the tradition, this was the cave where Jesus fasted. The monks offered Morton bread, for every stranger who comes to the cave is treated as if he were the Lord Himself. The wandering Christ is standing at the door today, for He is walking the roads of this world. Evil may cross our paths, and sometimes we are tempted to believe that evil is the ruling force in the world. This is not so. Christ is among us, and He is love. He comes as the truth and the life. He comes to each of us.

We must do as did the monks on the Mountain of Temptations — offer our neighbor love and concern as if he were Christ Himself.

PRAYER: O God, ruler of the world, we give Thee thanks that Thou has sent us Christ, who walks the roads of the world today. Help us to receive Him and recognize Him in our fellow men when they come to our door. Give us humble and obedient hearts to glorify Thee, in Jesus' name. Amen.

## Lake Harbor Methodist Church Scene Of Ezell-Austin Wedding

The Lake Harbor Methodist Church was the setting for the wedding of Mrs. Barbara Ezell, daughter of Mr. and Mrs. Robert Plank and Horace Austin, son of Mr. and Mrs. Austin of South Bay on Jan. 12.

The double-ring ceremony was performed by Dr. Nicola Di Stefano before an altar flanked with palms and tall baskets of white gladioli and carnations. Miss Susan Weaver sang "Aldways" and the traditional wedding music was rendered by Mrs. C. A. Thomas.

The bride escorted by her father wore a street length sheath dress of aqua silk. Her corsage was of white carnations. Attending her sister was Mrs. Paul Bowden of Cleveland wearing a royal blue street length sheath dress, and a white carnation corsage.

Mrs. Austin was attended by his brother, Warren Austin. Grooms were Leland Plank and Michael Roberts.

Mrs. Plank, mother of the bride wore a printed silk dress with a corsage of white mums. Mrs. Ben Austin, mother of the groom wore a two-piece brown

sheath. Her corsage was brose mums.

The reception was held in the Sunday School building. Miss Lou Ann Austin, sister of the groom kept the bride's book. Serving cake and punch were Mrs. Norman Austin, Mrs. Francis Thomas Baker, Mrs. Frank Owens, Mrs. Rupert Wingate. Ladies assisting all wore corsages of pink carnations.

The newlyweds are making their home in South Bay. Mr. Austin is employed by Mr. Drainage District. He and Mrs. Austin will leave Feb. 5 for Wisconsin where he will attend school for two weeks.

## Sorority Chapter Tours Europe Via Colored Slides

One of the most interesting programs of the year was presented at the XI Beta Beta Chapter's regular meeting, Thursday evening, at the home of Mrs. Francis Cross.

Mrs. Thomas Baker, program chair, introduced Mr. E. A. McCabe, who took the members on a guided tour to Europe by way of colored films. The films taken by the McCabe's in 1959 when they toured Europe, covered points of interest of nine countries: England, France, The Netherlands, Belgium, Germany, Switzerland, Italy, Monaco and Ireland. Members were enthralled by the many beautiful and picturesque scenes and thanked Mr. McCabe wholeheartedly for sharing his experiences with the Chapter.

Preceding the program a short business meeting was held with Mrs. Neil DePamphillis presiding in the absence of President, Mrs. Milton Carpenter.

The Chapter voted to hold Spring Rushing, and to accept the date of April 7, for their next rummage sale.

The next meeting, with Mrs. Wm. Graber as hostess, will be a dinner meeting with the Ritual of Jewels to follow. Mrs. E. S. McAllister will have charge of the program.

Delicious refreshments of nut meringue dessert and coffee served. Present were: Mrs. F. Anderson; Mrs. T. Baker; Mrs. Chas. Burkett; Mrs. N. DePamphillis; Mrs. Wm. Graber; Mrs. E. Lindrose; Mrs. O. G. McWhorter; Mrs. H. Ouellette; Mrs. B. Strong; Mrs. L. Amerine; and Mrs. H. Vater.

NOW...THE GREATEST THING TO HAPPEN TO BREAD SINCE ENRICHMENT...

# Holsum Bread

is Blenderized.

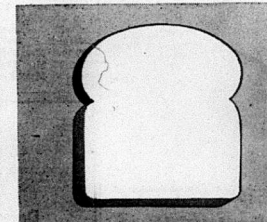

First there were hands to knead the bread. Slow. Imperfect. Inconsistent.

Then came machines. Much faster, but the bread was still not perfect.

Now comes Blenderizing—mixing, melding ingredients finer than ever before possible. Bringing you the most perfect loaf of bread ever made.

GUARANTEED...Totally uniform from crust to crust, slice to slice, loaf to loaf. Enjoy total uniformity PLUS Full Grain-of-the-Wheat Flavor.

Try the NEWEST bread of all  
 Try the bread that's **Blenderized**.

And Remember:  
 Only **HOLSUM** Bread is **BLENDERIZED**.

# Gas And Sales Tax

## P. Beach Exceeds 40 Fla. Counties In Sales And 30 In Gas Tax Fees

The Glades is reputedly the largest county commissioner's district in the state — larger than 50 of Florida's counties. Palm Beach County paid for the month of December, according to our Controller more in sales taxes than did 42 of the smaller counties.

In gas tax collected we paid more than did 30 counties. Dade, Duval and Hillsborough paid 40 percent of the state's total in sales tax; in gas tax, Broward replaced Duval as one of the three highest in taxes paid, for 35 percent of the total. Florida's largest county more in sales taxes than did 67 of the smaller counties — 60, of the 67 —

"give" the widow's mite and run the show!

The two items of taxes for the fiscal year total \$139,956, 000.00.

## Nat'l. Committee To Recommend Increased Research

The USDA's Sugar Research and Marketing Advisory Committee was asked Monday by some 100 cane growers, fabricators and interested persons, that Luther Jones, its spokesman, for expansion of present works at Canal Point Cane Breeding Station and the Florida Experiment Station, following a luncheon at the Palahogue Elks Club sponsored by the Palahogue Chamber of Commerce.

The committee composed of growers, mill men, scientists and USDA men are on a field tour to Florida sugarcane producing areas to develop first hand information on research problems special to this region. W. C. Prewitt of the US Sugar is the Florida member of the committee.

The three-day Glades visit will include inspection of existing and building projects, in the field and mills, to be followed by a session held Wednesday morning in Clewiston for conducting the information gained.

Cosponsors of the Monday luncheon were Farrell-Brimingham, Inc., Successors of Adams and Shirley Bros., Inc. The Growers Co-op, U. S. Sugar and other organizations were hosts to the group at appropriate luncheon, dinners and social fraternizing.

Committee members indicated that they have found conditions in the Glades to justify top priority to the consideration of the question brought to their attention.

The committee was asked specifically to recommend legislation and applied research in obtaining cane varieties for this area for increased tonnage, particularly in sugarcane lands; for resistance to low temperatures and for early maturing varieties.

Judge J. L. Tyson welcomed the group and County Commissioner Paul Rardin acted as Master of Ceremonies.

Four members of the County Commission, County Judge Douglas, Art Keil and Pete DeMora of the RDB were out of town guests.

## Outstanding Work Done By Jaycees

During the week of celebration of the fourth anniversary of the Junior Chamber in 1915, attention is focused on the outstanding work done in the community through the efforts of the local Jaycees.

The Belle Glade Jaycees start their year of activities off with the Walk-On-Green project. They paint the school cross walks for the students who are instructed by their teachers to Walk-On-Green.

The annual Turkey Shoot will be held around Thanksgiving, provides funds for the Christmas Party for Migrant children. The Christmas Party is the pet project of the Jaycees.

The annual Jaycee week Jan. 21-27 will be launched with Bosses Night festivities and dinner, Jan. 18 During the week awards will be made to Jaycees for their SPOK achievements and Speak Up Jaycee Program.

The organization also strives to create public awareness in the Junior Chamber of Commerce.

A new project this year will be in the School Patrol Auction which is to be held in February. The Jaycees will have an auction to raise funds for the Patrol's Annual trip to Washington, D. C.

The Harvest Queen Contest which will be held March 31 this year, brings more publicity to the Belle Glade area than any other project held during the year. The Harvest Queen project along with bringing good publicity to Belle Glade is also the financial backbone of the Jaycees. The Harvest Queen Dance ends many months of hard work for the entire organization.

Projects held in conjunction with other organizations include the PTA Carnival, at which the Jaycees and Jay-Cettes man the Fish Pond, a favorite with the youngsters; and the Christmas Light jointly sponsored with the Florida Power and Light Co.

The Jaycees are also active in the Glades Scholarship Coop Fund. Through cooperative effort with civic clubs in the area many students are provided with a start to college education.
